

The McMillan Resiliency Bursary

For over 20 years, Rebound Child & Youth Services Northumberland has provided supportive programs to children, youth and families in Northumberland County with the help of dedicated and enthusiastic volunteers. Lynn McMillan's commitment to Rebound has been above and beyond, being a volunteer for more than nine years. She is the ultimate volunteer.

Apart from being a longstanding board member, including President of the Board, Lynn was one of the first Youth Justice Committee members when the program was first established in Northumberland, through funding from the Ministry of the Attorney General. In this role, she has enabled youth in conflict with the law to have an opportunity to rehabilitate, reintegrate and repair harm to the community.

As part of the 10-week CHOICES program, Lynn is a trusted table coach. In that role, she provides support, direction and encouragement to the participating youth.

Lynn is a very compassionate, caring and supportive volunteer, while at the same time, she ensures the youth with whom she works take ownership and responsibility for their actions in a very fair and understanding manner. This is of particular importance in the context of the Youth Justice Committee. She always ensures that the youth she encounters feel successful in what they are doing. She never seems to grow discouraged with even the most challenging situations.

She exemplifies grace and dignity in all aspects of her various roles with Rebound. She has performed and continues to perform outstanding charitable works to those youth in the community who are in need.

Lynn has most definitely made a valued contribution in working towards Rebound's Vision to ensure the success of children and youth in Northumberland County is a priority.

It is with honour and the utmost respect that we have developed "The McMillan Resiliency Bursary" in Lynn's name. The bursary is for the amount of \$500.00.

She energizes, empowers and inspires! She has helped make young people in our community more resilient and continue on the path to their unique success.
