

REBOUND

CHILD & YOUTH SERVICES NORTHUMBERLAND

READbound Tutoring Program

Do you need help with your school work?

READbound offers academic support to students 4 to 18 years of age. The program is tailored to meet an individual's specific needs.

Volunteer tutors are trained and matched with learners on a continual basis. Tutoring is arranged in a suitable location within the community.

READbound provides support for reading and math skills, computer literacy, project completion and every attempt is made to meet other areas as identified. Rebound is proud to provide this high quality program **free** of charge to families in Northumberland County.

For youth on the waiting list for a tutor Rebound offers a Homework club on Monday afternoons. This program is also free, however, registration is required.
